The annual **BMAGIC Book Fair** is designed to expose children to the power of literacy. Children will engage in: reading circles, musical performances, puppet and jewelry making workshops, arts and crafts, face painting, and meeting animal friends. Each child will be provided with a brand new culturally relevant and competent book and healthy seasonal organic snacks.

All children will be also be provided with a bag for their parent[s] or guardian[s] filled with important information on Bayview Hunters Point community resources that are tailored specifically to support the needs of parent and guardians. Examples include: US Census outreach materials, First 5 parenting kits, culturally relevant healthy eating habits cookbook, the BMAGIC BVHP Youth and Family Resource Guide, and parent radio talk show information.

This year we anticipate serving 600 children with our community partners. Our goal is to ensure that the wonder and joy of reading is a legacy passed onto our deserving children. Literacy is freedom.
